## I. Post objective

Implementing the Center's vision aimed to promote civilizational dialogue.

## II. Functions

- Providing advice and technical support to institutions concerned with civilizational issues in the Islamic world in the development of plans and policies. The aim is to reinforce the cultural immunity of these countries in the face of insularity, extremism, and rejection of the other.
- Providing advice and technical support to civil society institutions in the Islamic world through programs and projects likely to contribute to promoting the notions of tolerance, moderation and middle stance.
- Conducting studies on the civilizational issues facing the Islamic world and suggesting solutions.
- Proposing programs aiming at activating the mechanisms of civilizational dialogue, assessing their outcomes and their effects on stimulating the civilizational interaction of the components of the Islamic world, and promoting links, integration and positive interaction between them and their various peoples and cultures.
- Contributing to the development of policies and comprehensive plans to promote innovatives & creatives programs in the field of civilizational dialogue
- Proposing mechanisms and programs that contribute to the development of civilizational relations between States and societies inside and outside the Islamic world.
- Any other duties as assigned within the scope of the position.

## III. Qualifications and requirements

### Academic qualifications:

The candidate should have:

- Master's degree in a specialization relevant to the position's tasks and duties.

### Professional experience:

The candidate should have:

- At least 3 years of professional experience in an international or regional organization.
- At least 8 years of experience.
- Negotiation and communication capabilities at the international level.
- Experience in organizing major international conferences and forums.
- - The candidate should have experience in networking and outreach in international civilizational relations.

### Languages:

- Good command of at least two of ICESCO's working languages (Arabic, English and French).

## Skills and competencies:

The candidate should have:

- Personal skills, creative skills, analytical and critical thinking, interpersonal skills, and acceptance of others.
- He should be skilled in using modern techniques at work and for communication.
- Ability to produce high-quality analytical reports.
- Ability to mobilize funding for major projects.

## IV. Salary, allowances and benefits

- The Expert shall be entitled to the allowances and benefits provided for in ICESCO Personnel Regulations.
- The processing of applications shall be subject to the abovementioned criteria and may include tests or evaluations in addition to a job interview.
- In the evaluation process, ICESCO uses communication technologies.
