FOREIGN LANGUAGE TEACHING ASSISTANT (FLTA) FY 2025/2026 APPLICATION PORTAL IS OPEN

The **Foreign Language Teaching Assistant (FLTA)** program for **FY 2025/2026** is officially open! The program is designed to develop Americans' knowledge of foreign cultures and languages by supporting teaching assistantships in over 30 languages at hundreds of U.S. institutions of higher education. The program offers educators from over 50 countries the opportunity to develop their professional skills and gain first-hand knowledge of the U.S., its culture, and its people.

The application deadline is **August 30, 2024**.

The Fulbright FLTA Program is a **nine-month, non-degree program** for early career (not more than seven years of teaching experience) English teachers or professionals in related fields to teach the **Malay language** at an American college or university. Participants have the opportunity to refine their teaching skills and increase their English language proficiency while serving as teaching assistants.

Fulbright FLTA participants also interact with their host communities through conversation groups, extracurricular activities, and community outreach projects.

MACEE is looking for Malaysian early career educators who understand how their work plays a pivotal role in Malaysia's continued development and can also impart their experiences from the U.S. to students, colleagues, and community groups in Malaysia.

We are asking you and your institution of higher education's assistance in disseminating information about the Fulbright Foreign Language Teaching Assistant Program to all relevant staff members. We have attached the program flyer, which provides detailed information about the program, its award benefits, and the application process.

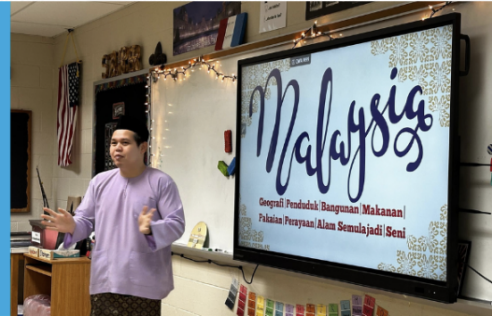

MACEE strives to provide consistent support to all partners and program applicants participating in the Fulbright programs.

Please do not hesitate to contact our team at fulbrightmalaysia@macee.org.my should you have questions or need additional support in the outreach and application processes.
