Dear Sir/Madam,

Subject: Invitation for Proposals for EBC-K Project 2022 to Facilitate ICT Application in the Asia-Pacific

I am pleased to inform you that the Asia-Pacific Telecommunity (APT) is inviting APT Members to submit proposals for Project to Facilitate ICT Application in the Asia-Pacific funded by the Extra Budgetary Contribution from the Republic of Korea (EBC-K).

The objective of the project is to facilitate development of ICT applications and its usage in APT Member countries in order to increase efficiency and productivity, or to provide new economic values and benefits in the field of services or industries of APT member countries.

The proposed projects should meet the following conditions:

- 1) The project is to be a joint activity between APT Members and the Korean experts. After being selected for the project, the participants need to contact NIA(National Information Society Agency), Korea in order to consult with implementation of project proposal.
- 2) The project is to be completed within 18 months from the date of notification of adoption by the APT secretariat.
- 3) The budget amount for the support from EBC-K for each project is up to USD 60,000. This limit does not exclude a project with a budget above that limit as long as there are other secured financial resources to finance it.
